

# *Special Issue*

## **Novel Concepts in**

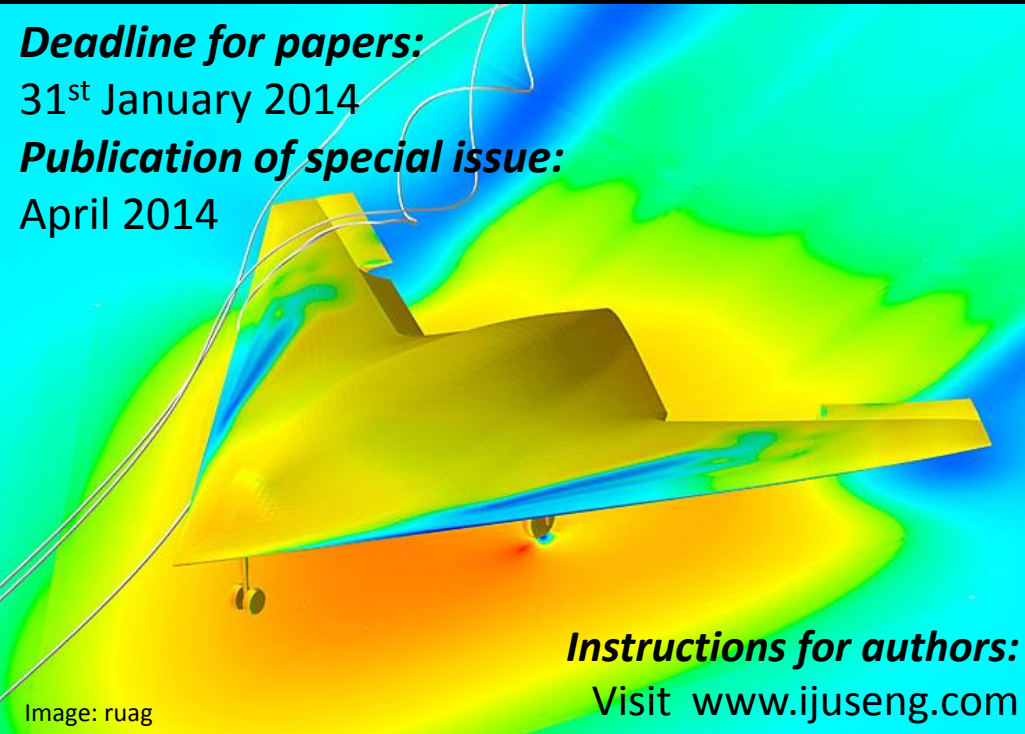

### **Unmanned Aircraft Aerodynamics & Flight Stability**

**Deadline for papers:**

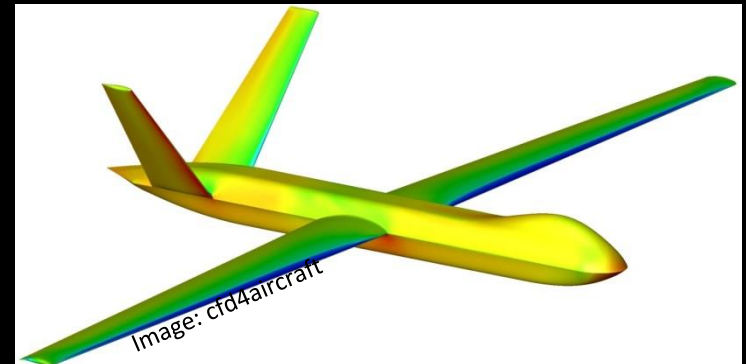

31<sup>st</sup> January 2014

**Publication of special issue:**

April 2014

***This special issue aims to gather the latest findings and future research directions in the exciting fields of aircraft aerodynamics and flight stability with special emphasis on applications for unmanned aircraft.***

**IJUSEng**
